The Housing Program offers a connection to affordable housing, along with guidance, and support to families facing homelessness. Services are aimed at breaking the family's cycle of homelessness. Case management services can help individuals and families address barriers to long term housing like poor credit history, little or no savings and low incomes.

We help low-income families and individuals by providing affordable, stable housing and individualized case management that will help them address structural barriers to long-term housing like poor credit histories, itinerant rental histories, little or no savings, and low incomes.

Service area includes southeast Fairfax County bounded by Rt. 95 to north and west, Potomac River to east and county line to south.

By appointment only
