The USDA Rural Development provides single family housing loans and grants. Single Family Housing Programs provide home ownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary.

Also known as the Section 504 Home Repair program, this provides loans to verylow-income homeowners to repair, improve or modernize their homes or grants to elderly very-low-income homeowners to remove health and safety hazards
