The practice of holistic medicine ingrates conventional and alternative therapies to prevent and treat disease and to promote optimal health. It includes analysis of physical, nutritional, environmental, emotional, spiritual and lifestyle elements. Alternative therapies include, but not limited to: nutrition, herbal medicine, spinal manipulation and body work medicine, "energy medicine", spiritual attainment, relaxation training, stress management, biofeedback and acupuncture.

To find a provider: Contact the AHMA for physicians who are currently taking referrals, View the online [Find a Doctor/Provider](#), and read [How to Choose a Provider](#)
