Nilsen Eye Care treats vision problems such as presbyopia, astigmatism, cataracts, nearsightedness, farsightedness and the presence of flashes, floaters, and vitreous detachment. Bring your previous eyeglasses (out of date or not) and contact lens.

Other services include eye exams, glasses, contact lenses, and two offices in the area.

The optical shop has a complete range of eyeglasses. Many prescriptions can be filled on the same day. The shop also offers a wide range of contact lenses and specialty fit and care for the hard-to-fit patient.
