The Johnson City Medical Center (JCMC) Emergency Department is a Level I Trauma Center. Staff can handle major trauma emergencies, including head injuries, brain attack/stroke and chest pain. The Department has the personnel, facilities and equipment to handle major trauma emergencies. 24-hour emergency medical care includes surgical, laboratory, radiology and pharmacy services.

The Children's Emergency Department at JCMC is the only pediatric-specific emergency department in the region offering 24-hour emergency care by specially trained personnel focused on providing care to patients from birth to 18 years of age. The children's emergency department is located next to the regular Emergency Department at JCMC.
