At Cumberland Mountain Community Services Board, the Clinch Mountain Recovery House's Mental Health Psychosocial Rehabilitation Services (PSR) provides a safe

and structured environment for individuals with a severe and persistent behavioral health issues. Individuals engage in socialization activities and participate in meaningful work opportunities in order to enhance quality of life and promote recovery and wellness. Individuals are encouraged by their peers and staff to develop their functional abilities and skills to become as independent as possible.

Services include:

- Assessing the individual's basic needs and functional abilities
- Training, support, and supervising individuals with deficits in skills for activities of daily living;
- Developing and enhancing functional skills and behaviors;
- Educating individuals to use community resources;
- Teaching basic living skills and functional abilities;
- Monitoring of health, nutrition, physical conditions; Increasing socialization;
- Developing basic vocational skills leading to functional employment;
- Supporting the overall wellness of the individual receiving services.
