Virginia Department of Social Services Adult Services Program provides case management, assessment, and direct services to Virginia's citizens who have disabilities or who are age 60 plus. The office can determine Cardinal Care Medicaid eligibility. Cardinal Care Medicaid is the federally funded medical care program for Virginia individuals who are elderly, blind, disabled, dependent children, and pregnant women. The program offers medical coverage for doctor visits, emergency room visits, hospitalization, prescriptions, medical supplies and equipment, nursing home costs, and home health care. The level and scope of coverage vary.

To be eligible, individuals must meet income and resource requirements.

Supplemental Security Income recipients are generally eligible for full coverage.

[CommonHelp](#) is a web-based system that allows Virginia citizens 24/7 easy access to apply for benefits. Call for more information.
