The Heritage Law Group is a law firm specializing in special needs planning. An individual may become disabled because of illness, injury, accident or through aging-related changes. Special needs planning is holistic planning done by the competent individual with the disability or the family or friends on behalf of the person with the disability.

Special needs planners educate family and friends and the plan frequently involves establishing a special needs or supplemental needs trust. Call the office for more information.

Locations also located in Poquoson and York.
