Psychosocial Day program is designed for individuals over the age of 18 diagnosed with a serious mental illness who are interested in building daily living skills and socializing with others. The programs help the individual to gain confidence and readjust to living and/or working in the community. Psychological support to clients and their families, Housing, vocational rehabilitation, pharmacological treatment, independent living skills training may be part of the client's plan to regain their independence and self-worth.

The program provides social and/or recreational activities for people who are living with the effects of mental illness.
