If you are a veteran who has served at least 90 days on active duty, with at least one day of service during a period of war, or the surviving spouse of such a veteran, and you are in need of assistance with activities of daily living due to your disabilities, you may be eligible for the VA's non-service connected disability pension.

We help veterans or their surviving spouses determine if they qualify for a little-known Department of Veterans Affairs benefit known as "Aid & Attendance," a pension that pays for home care.

We assist in the application process and we provide home care.

Please visit our [website](#) for additional information.
