The Community Based Outpatient Clinic (CBOC) in Fredericksburg is a medical facility that functions as a Primary Care clinic, providing the most common outpatient services, including health and wellness visits.

- The CBOC is disability accessible.
- Mental health services include individual, group, and family counseling.
- Personal Care: primary care providers, specialty care referrals to the Richmond VA Medical Center.
- Laboratory: Blood drawing services
- Routine prescriptions processed through the mail or My HealtheVet.
- Examination rooms are equipped with computer terminals that directly interface with the computer system at Richmond VA Medical Center. If a veteran is referred to any VA site, their electronic medical record will be immediately accessible.
