The Department of Veterans Affairs (VA) offers respite care to those veterans who qualify. Respite care is a service that pays for a person to come to a Veteran's home or for a Veteran to go to a program while the family caregiver takes a break. The family caregiver can run errands or go out of town for a few days without worrying about leaving the Veteran alone at home.

The program is for Veterans who need skilled services, case management and help with activities of daily living. Respite care may be available up to 30 days each calendar year.
