BetterMed Urgent Care provides walk-in urgent care for children and adults by board-certified emergency physicians. Patients can reduce the amount of time spent waiting for care and maximize the time spent with a physician.

No appointment is necessary. And we can treat a variety of issues including flu symptoms, sore throats, cuts, abdominal pain, sports and other injuries, and much more. For your convenience, BetterMed also provides on-site laboratory tests and X-rays. And, we work with hospitals to facilitate admission, should a patient require additional treatment for more serious conditions.
