Sunrise of Alexandria provides short-term stays and respite care to give the primary caregiver a much-needed break and when recovering from hospitalization. Help with daily activities, such as bathing, dressing, and medication reminders is provided. The focus is on individual wellness and encourages continued independence with a tailored plan of assistance provided by trained team members available 24 hours a day. It is a different option to consider when a senior does not require intensive 24-hour skilled nursing care.

Please call for availability if interested in a short-term stay.
