Carilion Clinic Family Medicine physicians in Tazewell offer medical expertise to the community. Because the medical professionals live and work in the community, they understand the health care needs of their neighbors and develop personal relationships with them. Carilion Clinic's care providers can help you manage chronic conditions and develop a healthier lifestyle through patient education,

disease prevention, and counseling services. Services include:

- Prenatal care
- Diagnostics
- Minor surgery
- Laboratory work
- Imaging services
- Minor procedure rooms
