The therapists and counselors of The Healing Trees are committed to providing holistic services. The counseling and therapy services provided address the total needs of our clients, which includes psychological, physical, social, emotional and spiritual well being.

Therapists and counselors assist adult individuals, families, children and couples who are going through difficult times by providing the support they need to overcome their personal obstacles, find freedom from unhealthy patterns of behavior, and live fuller and more productive lives.

Please call for information or to make an appointment.
