A program of the Virginia Department of Veterans Services, the Virginia Values Veterans (V3) Transition Program, formerly known as the VTAP Program, offers transitioning services to members and their spouses. By providing peer-to-peer support through the transition process, V3 Transition works alongside the transitioning service member or spouse to make referrals that address specific needs. The referral services could include, but is not limited to resume review, introduction to the Virginia Labor Market index, connection with the Virginia Values Veterans (V3) certified companies for employment, and other VDVS programs as applicable. The V3 Transition core areas of focus are those seeking employment, education, and entrepreneurship, but we will also assist those with needs outside of those three core areas.
