Objective Zero Foundation seeks to connect each Veteran to peer support, wellness and mental health resources, in hopes of preventing the rate of suicides among military community.

Objective Zero Foundation has created a mobile app that allows users (veterans, service members, their families and caregivers) to apply filters to find their best possible match to an individual and peer supporter. The app is to anyone in the military community to download for free on Google Play and Apple's App Store.

Please remember the App is not a crisis line. If you are in crisis, please call 9-8-8 and press 1 or text or [chat](#) 9-8-8. Visit the [Veterans' 988 Lifeline](#) website for more resources.
