The Bristol City Health Department offers Environmental Health Services to protect the public's health by engaging in a wide variety of inspection, permitting, and testing services, including:

- Drinking water inspection, permitting, and surveillance
- Food establishment sanitation – check out your favorite restaurant's latest inspection results by going to Healthspace.com
- Institutional inspection (child and adult facilities)
- Migrant labor camp inspection
- Milk plant inspection
- Rabies prevention and control
- Well and septic inspections and permits
- Tourist establishment inspections (campgrounds, swimming pools, hotels)

The Mount Rogers Health District offers a professional staff to assist in a variety of state-mandated programs, including developing land for personal homes, subdivisions, or commercial use. Professional staff guide you through the permitting requirements necessary to construct on-site sewage disposal systems and private well water supplies. Please visit the [website](#) for more information.
