Bingocize® strategically combines the game of bingo, exercise, and falls prevention education. Groups of participants play Bingocize® twice per week for ten weeks, with each 45-60 minute session consisting of playing Bingo, exercises (range of motion, balance, muscle strengthening, and endurance exercises), and falls prevention education questions. The workshops are delivered in person or virtually.

## HEALTH OUTCOMES:

- Improved lower/upper body strength, gait, balance, and range of motion
- Improved aspects of cognition (executive function)
- Increased social engagement
- Improved knowledge of falls risk reduction and nutrition
- Improved patient activation.

DATES: 10 weeks starting November 13, 2023 and ending January 29, 2024 (Mondays and Thursdays).

NOTES: We will not be meeting on some dates around the holidays.
