Class - Workshop

Event Cost

\$0.00

Event Description

Mastering Medicare with Margo will meet on the first Thursday of each month from 1 pm until 2 pm.

As we reach age 65, all of us must make one of the most complex decisions regarding our well-being – Medicare.

This unique session will focus on the Medicare issues faced by all of us as we plan for retirement or approaching age 65. Join Margo Steinlage Kreider, a Health Insurance Consultant and Broker, as she:

- Highlights Medicare rules in detail for large employers, small employers, and solo practitioners.
- Identifies Medicare enrollment regulations and timelines based on recent changes.

- Clarifies significant regulation shifts to Medicare prescription drug coverage under the Inflation Reduction Act and changes for 2023-2025.
- Explores variables to consider when forming your healthcare plan: Income Related Monthly Adjustment Amount (IRMAA), Health Savings Account (HSA) funding, the Donut Hole, COBRA rules.

In addition, she will go over the Annual Enrollment Period "AEP" changes happening to Medicare for 2024 and provide valuable guidance for those already enrolled in Medicare.

Free and open to all. Register.
