Faithful Friends Family Services offers a caring, supportive living environment in which they can address their treatment issues while being held accountable for their individual choices.

The homes are operated by professional staff including a program director and a group home manager who works individually with the Residents and their family members. The treatment program is based on behavior management and accountability combined with counseling and has the flexibility to target individual needs and behavior issues. They have a Registered Nurse on staff to assist with complex medical issues.

Faithful Friends Family Services strives to equip individuals with fulfilling independence and life enhancement through supportive services that range from medical, mental, and physical limitations.
